

Informational

Bulletin

Brian Hamer, Director

New Electronic Requirements for IFTA

To all IFTA taxpayers

This bulletin is written to inform you of recent changes; it does not replace statutes, rules and regulations, or court decisions.

Public Act 096-1384 mandates the electronic transmission of all returns, applications, and payments for IFTA.

- Beginning **October 1, 2012**, you are **required** to electronically submit your **Form MFUT-12**, Motor Fuel Use Tax IFTA License and Decals Application. All required payments must be made electronically.
- Beginning **January 1, 2013**, you are **required** to file your **Form MFUT-15**, IFTA Quarterly Return, electronically. All required payments must be made electronically. You will no longer receive paper returns from us.

How will I apply for decals, file my returns, and make payments electronically?

On September 24, 2012, **MyTax Illinois**, an online account management program for taxpayers, will become available. **MyTax Illinois** provides a centralized location on the Illinois Department of Revenue website for taxpayers to file returns, make payments, and manage their IFTA accounts.

this logo!

Will I still receive paper returns in the mail?

No. IFTA filers are required to use MyTax Illinois to electronically transmit returns for all filings after the mandated dates.

Where can I get more information about MyTax Illinois?

Information about MyTax Illinois and how to use it can be found on our website at tax.illinois.gov. You may also refer to Informational Bulletin FY 2013-02, "New Online Account Management System Available" or the "MyTax Illinois User Guide for IFTA Taxpayers" you received in the annual mailing.
